

BIOGRAPHY

Livin' Dark Daze is a powerful mix of groove and melody, constantly inspired by the world surrounding all of us. Founded in 2017 by leading member and vocalist Buster Grant from the great metal city of San Antonio, Texas.

In 1982, Grant fronted the legendary band Wyzard, who alongside Texas Metal forefathers SA Slayer, Watchtower, Hellstar, Militia, and Juggernaut, paved the way for many more metal bands to follow in the history of the Texas Metal Scene.

Buster's longtime friend Rob Ferebee (FreakHouse) fit right in with Buster's unique vocal signature. The pair combined to create a unique "Joint Vocal Effect" the band was founded upon. The two had always hinted at starting a project together, so Rob was happy to provide the foundational element of bass and vocals on this project.

Buster and Rob knew this sound needed to be big!! And so the deck was stacked with some of San Antonio's premier Guitar talent including Albert Arguelles (Zaidica, Animosity, Bloodmoon Rising), Chris Cabello (Medicine Tongue, Animosity), and Justin Ervine (Lokey, Freaks on a Leash) to add to the arsenal. A seven-string monster using 3 guitars was created to deliver a unique harmonized flavor.

Justin Ervine approached drummer David McGilvrey (alternate Even In Death, Deathdodger, The American Gigolos) during the pandemic about drums. After getting the material and sending back a quick overnight playthrough the unit was solidified in September of 2021.
